Mrs. Gainer and Mr. Horton discussed the Senior Center, parks, and library funding sources.

Confirmation of each sport will have a board, then if there is still a disagreement it will come to this board for a final decision.

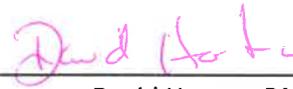

Chris Forehand, Panhandle Engineering, brought drawings of a possible Cain Griffin Park and Sports Complex. More talks about funding and grants to apply.

Commissioner Russell talked about how there was extra funding to be used for extracurricular activities. Mrs. Gainer confirmed this was in the works, but has not moved forward with this due to Hurricane Michael damages. Commissioner Russell stated this could be something in the future to bring back up and take to the commissioners.

After viewing the designs from Mr. Forehand, there was discussion over mounds, storage, rental usage, and many other topics.

The board discussed keeping tables, pavilions, and benches in the public parks.
